Case No. A1209235

MOTION FOR LEAVE TO FILE FIRST
AMENDED CLASS ACTION
COMPLAINT FOR DECLARATORY
JUDGMENT, INJUNCTIVE RELIEF
(INCLUDING TEMPORARY
RESTRAINING ORDER), AND
EQUITABLE RESTITUTION, WITH
JURY DEMAND ENDORSED
THEREON; MEMORANDUM IN
SUPPORT

Pursuant to Civil Rules 15(A) and (E), 18(A) and (B), and 20(A), plaintiffs hereby move for leave to file the attached First Amended Class Action Complaint for Declaratory Judgment, Injunctive Relief (Including Temporary Restraining Order), and Equitable Restitution, With Jury Demand Endorsed Thereon. The grounds for this Motion are set forth below in the Memorandum in Support.

MEMORANDUM IN SUPPORT

Civil Rule 15(A) provides that leave of court to amend a complaint "shall be freely given when justice so requires." Civil Rule 15(E) provides, "Upon motion of a party the court may, upon reasonable notice and upon such terms as are just, permit him to serve a supplemental pleading setting forth transactions or occurrences or events which have happened since the date of the pleading sought to be supplemented." Civil Rule 18(A) permits a plaintiff to "join, either

as independent or as alternate claims, as many claims, legal or equitable, as he has against an opposing party.” Civil Rule 18(E) provides, in pertinent part, “Whenever a claim is one heretofore cognizable only after another claim has been prosecuted to a conclusion, the two claims may be joined in a single action” Civil Rule 20(A) provides, in pertinent part, “All persons may join in one action as plaintiffs if they assert any right to relief jointly, severally, or in the alternative in respect of or arising out of the same transaction, occurrence, or succession or series of transactions or occurrences and if any question of law or fact common to all these persons will arise in the action.... A plaintiff ... need not be interested in obtaining ... all the relief demanded. Judgment may be given for one or more of the plaintiffs according to their respective rights to relief”

The attached pleading seeks to add the following: Michael Cutcher as a named plaintiff and representative of the proposed Plaintiff Class; class allegations supporting the proposed Plaintiff Class; and Count V, which seeks equitable restitution of all penalties, fees and charges paid based on unjust enrichment, on behalf of plaintiff Cutcher and the members of the proposed Plaintiff Class.

Since the filing of this action, the Village of Elmwood Place has continued to operate its Automated Speed Enforcement Program. Indeed, evidence suggests that the Village has continued operating this program *despite* this Court’s order enjoining it. While this conduct would warrant contempt, affording full protection to those harmed or to be harmed by this illegal and unconstitutional program requires the creation of a Plaintiff Class within which would fall all persons who have paid penalties and other fees and charges under this program. The proposed Plaintiff Class would therefore include (1) all persons who paid such penalties, fees, or charges *before* the filing of this action, (2) all persons who have paid such penalties, fees, or charges

since the filing of this action, and (3) all other persons who pay such penalties, fees, or charges *hereafter*, until entry of final judgment in this action.

Permitting these amendments is in the interest of justice, fully consonant with Civil Rules 15(A) and (E), 18(A) and (B), and 20(A), and necessary to protect and preserve all claims of individuals unjustly harmed by the Village's illegal and unconstitutional Automated Speed Enforcement Program.

For the foregoing reasons, plaintiffs respectfully request that leave to file the attached pleading be granted.

Respectfully submitted,

13. The Ordinance created the Automated Speed Enforcement Program.

The Minutes of the July 10, 2012 Council Meeting provide:

CONSIDERATION AND PASSAGE OF ORDINANCES AND RESOLUTION:

ORDINANCE 09-12: AN ORDINANCE ADOPTING AN AUTOMATED SPEED ENFORCEMENT PROGRAM AND ESTABLISHING CIVIL PENALTIES FOR AUTOMATED SPEED VIOLATIONS, SUPPLEMENTING THE CODIFIED ORDINANCES OF THE VILLAGE OF ELMWOOD PLACE, OHIO BY ADDING THERETO NEW CHAPTER SEC. 77 TO PROVIDE FOR THE IMPLEMENTATION OF SAID PROGRAM.

Mr. Mathews moved to waive a second and third reading. Mrs. Wiles seconded the motion.

Motion carried 6-0

Mr. Robertson moved to accept Ordinance 09-12 as read. Mr. Mathews seconded the motion.

Motion carried 6-0.

Passed 7/10/12.

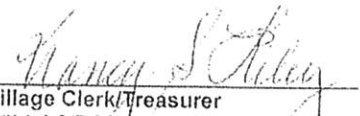

A copy of the Minutes is attached as Exhibit 2.

14. The Ordinance added Section 77 to the Village's Codified Ordinances for the implementation of the Automated Speed Enforcement Program.
15. The Ordinance provides that "the owner of a vehicle shall be liable for a penalty imposed" for speeding. Section 77.03(a). The Ordinance provides that the recorded images produced by the automated speed monitoring system are *prima facie* evidence of a violation. Section 77.03(d).

16. The Ordinance assumes that the owner of the motor vehicle was operating the motor vehicle at the time of the alleged violation. Section 77.04(d) ("It is *prima facie* evidence that the person registered as the owner of the vehicle . . . was operating the vehicle at the time of the offense.").
17. Ordinance No. 9-12 does not have a certification of the times when and the places where, the ordinance is said to have been published. The certificate provides:

CERTIFICATE

I, Nancy S. Riley, Village Clerk of the Village of Elmwood Place, Ohio, State of Ohio, hereby certify that the foregoing Ordinance No. 9-12 was duly published as provided by Section 30.13 of the Codified Ordinances of the Village of Elmwood Place, Ohio, by posting true copies of same in the most public places designated by Council.

Village Clerk/Treasurer
VILLAGE OF ELMWOOD PLACE, OHIO

18. On July 14, 2012, the Elmwood Place entered into a service agreement with Optotraffic, LLC (the "Service Agreement," attached as Exhibit 3). Optotraffic is a Maryland for-profit corporation that provides automated speed and traffic enforcement systems to local governments.
19. The Service Agreement provides that Optotraffic would operate the Automated Speed Enforcement Program for the Elmwood Village. The operation of Automated Speed Enforcement Program by Optotraffic includes:
- Installation of cameras and equipment to measure speed and produce images of vehicles allegedly violating speed limits;
 - Obtaining from BMV records the identity of the owner of vehicles alleged to have violated speed limits;

- Printing and mailing citations, or Notices of Liability, to the owners of vehicles alleged to have violated speed limits;
 - Operation of a phone number for recipients of citations to make inquiries and receive information;
 - Retention of a collection service to pursue any unpaid fines and fees.
20. In exchange for providing this service to Elmwood Place, Optotraffic receives 40% of all revenue resulting from payments of citations and related fees.
21. Elmwood Place recently passed Ordinance No. 12-12 which announced that anyone requesting an "administrative hearing" will be assessed a \$25 fee, even when that request was made before the law's passage. A copy of Ordinance 12-12 is attached as "Exhibit 4."
22. Ordinance No. 12-12, like Ordinance No. 9-12, does not have a certification of the times when and the places where, the ordinance is said to have been published. The certificate provides:

CERTIFICATE

I, Nancy Riley, Village Clerk of the Village of Elmwood Place, Ohio, State of Ohio, hereby certify that the foregoing Ordinance No. 12-12 was duly published as provided by Section 77.07(d) of the Codified Ordinances of the Village of Elmwood Place, Ohio, by

Nancy S. Riley
 Village Clerk
 VILLAGE OF ELMWOOD PLACE, OHIO

23. Despite R.C. 731.20's proclamation that "no ordinance shall take effect until the expiration of ten days after the first publication of such notice," Ordinance No. 12-12 is said to have immediate and even retroactive effect.
24. Elmwood Place began operation of the Automated Speed Enforcement Program on September 1, 2012.

25. On information and belief, speed enforcement signs were not originally placed in view of motorists entering the jurisdictional boundaries of Elmwood Place. The signs are now in the correct locations.
26. One “speed camera” has been placed in a school zone on Vine Street. A second “speed camera” has been placed in a residential neighborhood.
27. The hours of operation for enforcement are twenty four hours per day, seven days per week throughout the year.
28. Vehicles traveling over the posted speed limit are subject to enforcement action. This action is based on evidence captured by the automated speed enforcement system.
29. The owner of a vehicle subject to enforcement action receives a Notice of Liability. The Notice of Liability is a civil, not a criminal, proceeding.
30. On information and belief, Defendant Peskin has stated that the Elmwood Police will not issue Notices of Liability for drivers who are operating a motor vehicle less than five minutes over the speed limit.
 - a. On information and belief, a number of Notices of Liability have been issued for drivers traveling less than five miles over the speed limit, including tickets for only 1 mile over the speed limit.
 - b. The Elmwood Police web page indicates that although the Elmwood Police Department does not anticipate the threshold to fall below 5 MPH over the posted speed limit, “Enforcement thresholds may be adjusted at any time based on the needs of the community, and at the discretion of the Chief of Police.”
31. Notices of Liability are being mailed to the registered owners of vehicles after law enforcement verification and approval.

- a. Plaintiffs Gary Pruiett, Warren, Fernandez, Coburn, Eppstein, Pham and Downs have received notices of liability pursuant to Exhibit 5 attached hereto.
32. The Notice of Liability explains how to pay the penalty and how to request a hearing.
33. The Village of Elmwood Place has established certain administrative procedures to adjudicate claims by the recipients of Notices of Liability that the recipient is not liable.
34. The administrative procedures established by Ordinance are not consistent with the rules governing Mayor's Courts.
35. The administrative procedures established by Ordinance are not consistent with the rules of civil procedure or the rules of evidence.
36. The procedures set forth in the Ordinance do not provide for proper service of the Notices of Liability, do not permit discovery, and do not permit parties to subpoena witnesses.
37. The procedures set forth in the Ordinance permit the admission of hearsay evidence in violation and could require a person to provide testimony against his or her spouse.
38. The procedures set forth in the Ordinance do not permit a person who receives a notice of violation and who claims to not be driving the car is not permitted to merely convince the hearing officer that he or she was not the driver. Instead, the owner must provide the name and address of the driver of the vehicle. No other form of evidence can establish the affirmative defense.
39. The civil penalty is \$105 and it does not involve points on a driver's record. The fine is enforced like other civil judgments.
40. Elmwood Village has stated that it may use collection services and report non-payment to credit agencies.

41. On or about October 3, 2012, Tim Ayers, spokesperson for Optotrafic told FOX19 that if drivers fail to pay the fine and subsequent late fees, drivers will ultimately be turned over to collection agencies.
42. On information and belief, the primary motivation for the Automated Speed Enforcement Program is to generate revenue. A Elmwood Place Village Council Member, Jerald Robertson, told Fox 19 for an October 3, 2012 report: "There's no getting around it, the principal drive behind this is to generate income. We're financially in very bad shape."
- a. An October 10, 2012 article in the Cincinnati Enquirer suggested that Elmwood Place would receive annually over \$400,000 from the operation of the Automated Speed Enforcement Program.
 - b. In an October 18, 2012 interview with Fox 19, Defendant Peskin stated that over 6,600 notices of liability have been mailed out and roughly 400 appeals have been filed. As of that date, defendant Elmwood Place had received \$17,000 from the Automated Speed Enforcement Program.
 - c. In a November 14, 2012, story, Channel 12 reported that the Mayor of Elmwood Place said that the village has issued more than 13,000 notices of liability and collected \$245,000.
43. Individuals and businesses in Elmwood Place have suffered damages as a result of the operation of at the Automated Speed Enforcement Program.
- a. Plaintiff St. Bernard Polishing Company has a parking lot that is adjacent to the Village of Elmwood Place and customers have indicated they will no longer patronize this business due to the Automated Speed Enforcement Program and Plaintiff has suffered lost business and damages as a result thereof.

- b. News reports, such as a November 14, 2012 report by Channel 5, have quoted individuals who said that they are no longer driving through Elmwood Place and are boycotting Elmwood Place businesses. The news report also said that residents are bypassing the business district.
- 44. Individuals have suffered damages because they are unwilling to risk receiving notices of liability and, therefore, are not entering Elmwood.
 - a. Plaintiff Our Lady of Lavang Vietnamese Catholic Community Church has lost about one-third of its parishioners as parishioners are unwilling to risk receiving notices of liability and therefore, are not entering Elmwood.
- 45. On information and belief, recipients of Notices of Liability have requested brief continuances of administrative hearings so that statutory and constitutional defenses may be investigated and properly asserted.

CLASS ALLEGATIONS

- 46. Plaintiff Michael Cutcher proposes to represent a class consisting of all persons who have paid penalties, fees, and other charges imposed under the Automated Speed Enforcement Program.
- 47. The proposed Plaintiff Class consists of thousands of individuals. Therefore, the Plaintiff Class is so numerous and dispersed that joinder is impracticable.
- 48. With the help of qualified counsel who are experienced in such litigation, Plaintiff Michael Cutcher is capable of adequately representing the proposed Plaintiff Class for any and all purposes, in that Plaintiff Cutcher, like the other members of the proposed Plaintiff Class, has paid penalties imposed under the Automated Speed Enforcement Program.

There are numerous questions of law and fact common to the Plaintiff Class, including but not limited to the following: whether the Ordinance is invalid and unenforceable because the municipality failed to comply with the statutory requirements; whether the Ordinance is invalid and unenforceable because the Village did not comply with the publication requirements under Ohio law; whether the Certificate on Ordinance 9-12 signed by the Village Clerk failed to comply with R.C. §731.25 because it did not include the times when, and the places where, the Ordinance was posted; whether the Certificate on Ordinance 9-12 signed by the Village Clerk failed to comply with R.C. §731.25 because it did not include a certification that the Ordinance was posted for fifteen days; whether pursuant to R.C. §731.26, the failure of publication is absolute bar to the enforcement of a municipal ordinance; whether, pursuant to R.C. §2720.02, the plaintiffs are entitled to a declaration that the ordinance is invalid and unenforceable; whether the administrative procedures and process used by the Village of Elmwood Place violate the Ohio Constitution's guarantee of "due course of law" by not providing an opportunity for those who receive a Notice of Liability to be heard at a meaningful time and in a meaningful manner; whether the Village has been unjustly enriched by virtue of collecting and retaining the penalties, fees, and other charges that have been paid by Plaintiff Cutcher and the Plaintiff Class that he seeks to represent; whether equity requires that the Village be ordered to disgorge all such payments made to it by Plaintiff Cutcher and the members of the Plaintiff Class; and whether interest on such amounts is also due Plaintiff Cutcher and the members of the Plaintiff Class.

49. In all relevant respects, Plaintiff Cutcher's claims are typical of those of the other Plaintiff Class members in that he, like the other members of the proposed class, was illegally forced to pay a penalty as the result of a deprivation and violation of his rights under the Ohio Constitution.

50. Certification of Plaintiffs' claims for class action treatment is appropriate pursuant to Rules 23(A) and 23(B) of the Ohio Rules of Civil Procedure, in that, under Rule 23(B)(1)(a), the prosecution of separate actions by individual members of the Plaintiff Class would create the risk of inconsistent adjudications with respect to the individual members of the Plaintiff Class that would establish incompatible standards of conduct for defendants regarding the Automated Speed Enforcement Program; under Rule 23(b)(2), in that the Village of Elmwood Place has acted, and threatens to continue acting, in an unconstitutional manner generally applicable to the Plaintiff Class, thereby making appropriate final injunctive and/or corresponding declaratory and/or equitable relief with respect to the class as a whole; and, under Rule 23(b)(3), classwide questions concerning the conduct of the Village of Elmwood Place and the harm thereby inflicted on class members by far predominate over any questions affecting only individual class members and a class action is far superior to any other available method for fairly and efficiently providing restitution to class members.

**COUNT I
(DECLARATORY JUDGMENT)**

51. Plaintiffs repeat and incorporate all the allegations of this Complaint, as if fully set forth herein.
52. There is a dispute between the parties about whether the Ordinance is invalid and unenforceable because Elmwood Village did not comply with the publication requirements under Ohio law.
53. Ohio Law, R.C. §731.20 provides that "A succinct summary of ordinances of a general nature or providing for improvements shall be published . . . before going into operation."
54. Ohio Law, R.C. §731.25 provides that in municipalities "in which no newspaper is generally circulated" publication of summaries of ordinances and resolutions "shall be accomplished

by posting copies in not less than five of the most public places in the municipal corporation, as determined by the legislative authority, for a period of not less than fifteen days prior to the effective date thereof.”

55. Ohio Law, R.C. §731.25 further provides that “Where such publication is by posting, the clerk shall make a certificate as to such posting, and as to the times when and the places where such posting is done . . . and such certificate shall be prima-facie evidence that the copies were posted as required.”

56. The Certificate on Ordinance 9-12 signed by the Village Clerk, Elmwood Village does not comply with R.C. §731.25 because it does not include the times when, and the places where, the Ordinance was posted.

57. The Certificate on Ordinance 9-12 signed by the Village Clerk, Elmwood Village does not comply with R.C. §731.25 because it does not include a certification that the Ordinance was posted for fifteen days.

58. Pursuant to R.C. §731.26, the failure of publication is absolute bar to the enforcement of a municipal ordinance. This statute provides: “It is a sufficient defense to any suit or prosecution under an ordinance, to show that no publication or posting was made as required by sections 731.21 to 731.25, inclusive, of the Revised Code.”

59. Pursuant to R.C. §2720.02, the plaintiffs are entitled to a declaration that the ordinance is invalid and unenforceable.

COUNT II
(DECLARATORY JUDGMENT – CHAPTER 1905)

60. Plaintiffs repeat and incorporate all the allegations of this Complaint, as if fully set forth herein.

61. R.C. 1905.01 *et seq.* authorizes the Village of Elmwood Place to establish a Mayor's Court to hear and determine any prosecution for the violation of an ordinance of the municipal corporation.
62. The Village of Elmwood Place may only exercise jurisdiction to "hear and decide" a case pursuant to Chapter 1905 of the Revised Code. As a result, all of the administrative hearings on Notices of Liability must be conducted before a Mayor's Court.
63. Chapter 1905 of the Revised Code Authorizes Mayor's Courts to hold only "trials."
64. The Village of Elmwood Place has violated Chapter 1905 of the Ohio Revised Code by instituting separate administrative procedures to review Notices of Liability.
65. The Village of Elmwood Place has violated Chapter 195 because in all proceedings in Mayor's Courts, the rules applicable in other Ohio trial courts must be applied, including the Rules of Evidence and the Rules of Civil Procedure.
66. The procedures used by the Village of Elmwood Place violate the Ohio Rules of Civil Procedure in a number of ways, including:
- a. The procedures do not provide for proper service of the Notices of Liability as set forth in Rule 4.1.
 - b. The procedures do not permit for discovery as set forth in Rule 26 *et seq.*
 - c. The procedures do not permit parties to subpoena witnesses as set forth in Rule 45.
67. The procedures used by the Village of Elmwood Place violate the Rules of Evidence in a number of ways, including:
- a. The admission of hearsay evidence in violation of Rule 801.

- b. The requirement that a person who was not driving a vehicle, but who has knowledge that his or her spouse was operating the vehicle provide testimony against his or her spouse in violation of Rule 601 and R.C. §2317.02.

68. Pursuant to R.C. §2720.02, the plaintiffs are entitled to a declaration that the ordinance is invalid and unenforceable.

**COUNT III
(DECLARATORY JUDGMENT VIOLATION OF OHIO CONSTITUTION)**

69. Plaintiffs repeat and incorporate all the allegations of this Complaint, as if fully set forth herein.

70. Section 16, Article I, Ohio Constitution, guarantee that every person injured in his lands, goods, person or reputation shall have remedy by “due course of law.”

71. The administrative procedures used by the Village of Elmwood Place violate the Ohio Constitution’s guarantee of “due course of law” by not providing an opportunity for those who receive a Notice of Liability to be heard at a meaningful time and in a meaningful manner.

72. The administrative procedures used by the Village of Elmwood Place violate the Ohio Constitution’s guarantee of “due course of law” because:

- a. The procedures used by the Village of Elmwood Place do not comply with the Ohio Rules of Civil Procedure.
- b. The procedures used by the Village of Elmwood Place do not comply with the Ohio Rules of Evidence.
- c. The procedures used by the Village of Elmwood Place do not permit a person who receives a Notice of Liability to: (i) conduct discovery; (ii) subpoena witnesses.

- d. The procedures used by the Village of Elmwood Place permit a person to be found liable based on unsubstantiated hearsay evidence.
 - e. The procedures used by the Village of Elmwood Place may require a person to either admit to liability or provide the identity of a liable person, including a spouse in violation of spousal immunity.
 - f. The procedures used by the Village of Elmwood Place do not adequately permit the recipient of a Notice of Liability to assert affirmative defenses, such as: (i) compliance with the requirement in Chapter 731 of the Ohio Revised Code that municipalities publish its ordinances in a particular manner and for a particular time before those ordinances may be given effect; and (ii) compliance with the requirement of R.C. §4511.094(B)(1) that signs be erected to inform inbound traffic that the local authority utilizes traffic law photo-monitoring devices to enforce traffic laws.
 - g. The procedures used by the Village of Elmwood Place assess a \$25 fee to vehicle owners who have requested a hearing without assurances that the fee will be waived or not assessed in the appeal is successful.
 - h. The procedures used by the Village of Elmwood Place do not permit the granting of reasonable continuances to counsel for the recipients of Notices of Liability, so that defenses may be adequately investigated and prepared.
73. Pursuant to R.C. §2720.02, the plaintiffs are entitled to a declaration that the ordinance is invalid and unenforceable.

COUNT IV
(Injunctive Relief)

74. Plaintiffs repeat and incorporate all the allegations of this Complaint, as if fully set forth herein.
75. Pursuant to R.C. §731.26, Ordinances 9-12 and 12-12 are invalid and unenforceable.
76. The continued operation of the Automated Speed Enforcement Program is causing substantial, immediate, and continuing damage to plaintiffs:
- a. Plaintiffs the Pruietts, Warren, Fernandez, Coburn, Eppstein, Pham and Downs may suffer damage to their credit report from threatened collection actions by Elmwood Place pursuing collection actions and possibly reporting non-payments to credit agencies.
 - b. Plaintiff St. Bernard Polishing Company has suffered a loss of business since the Automated Speed Enforcement Program and this loss of business is attributed to the Automated Speed Enforcement Program.
 - c. Plaintiff Our Lady of Lavang Vietnamese Catholic Community Church has parishioners who are reluctant to travel into Elmwood Place for church services out of fear of receiving a Notice of Liability.
77. The Plaintiffs are entitled to a Temporary Restraining Order, and, following a hearing, an Injunction from this Court prohibiting the continued enforcement of the Ordinance.

COUNT V

Equitable Restitution Based On Unjust Enrichment

78. Plaintiffs repeat and incorporate all the allegations of this Complaint, as if fully set forth herein.
79. As a result of the foregoing, the Village of Elmwood Place has been unjustly enriched. The Village should not be permitted to retain unjustly the penalties, fees, and other charges that have

been paid by Plaintiff Cutcher and the Plaintiff Class that he seeks to represent. Equity requires that the Village of Elmwood Place be ordered to disgorge all such payments made to it by Plaintiff Cutcher and the members of the Plaintiff Class as defined herein, plus interest.

Wherefore, Plaintiff seeks the following relief from the Court:

- On Counts I-III, Judgment in favor of the Plaintiffs that the Ordinance is invalid and unenforceable.
- On Count IV, a Temporary Restraining Order, and, following a hearing, an Injunction prohibiting further enforcement of the Ordinance.
- On Count V, equitable restitution of all penalties, fees, and other charges paid by Plaintiff Cutcher and the Plaintiff Class pursuant to the Automated Speed Enforcement Program, plus interest.
- Court costs, other reasonable expenses incurred in maintaining this action, including reasonable attorney's fees.
